**Continuing Help Through the Pandemic**

In response to continuing needs related to the crises caused by COVID-19, Catholic Charities is focusing efforts toward food services, financial assistance, and tele-mental-health support for the 10-county area for clients in need. Food pantries will continue to distribute food while taking measures to protect staff from the coronavirus. Financial assistance teams have been established in each region to assess and support persons who need help making ends meet during this challenging time. Also, tele-mental-health services are offered by behavioral health teams through video conferencing and telephone services.

If you need assistance from Catholic Charities for food, financial assistance or tele-mental health counseling, please call 844-385-2404 for services in Collier County.
